CLOSE HARMONY AT GUEST NIGHT

The Mattapoissett Woman's Club entertained guests at the Congregational Church parish hall last Thursday evening. The Jolly Whalers and The East Coasters, two local Barbershop quartets took turns in demonstrating their considerable skill in the harmonious art of barbershop singing. It was difficult to tell whether the audience or the singers enjoyed the performance more. The members of the quartets spend three or four evenings a week singing together. This constant practice, which the singers obviously enjoy, finally blends all four voices into perfectly synchronized chords which are a joy to

The Whalers have been singing as a group for 25 years, and the East Coasters have been singing together for only about a year. Each group, though singing the same type of music, had a distinct tonal personality. Both had personality plus. Because it's impossible to listen without wanting to join in, the audience was led into singing a round. After the program was concluded, refreshments were served, and such is the appeal and the joy of this type of singing that both quartets continued to sing in turn as they

enjoyed their refreshments with the club and guests. It was with considerable reluctance that the evening finally broke up. In the words of a good old song it was the "End of a Perfect

BOOSTERS CLUB MEETING WEDNESDAY

The Old Rochester Boosters Club will meet at 8:00 P.M. at the Old Rochester Regional High School. It is very important that all members attend this meeting so that final plans for the Sports Night may be completed.

Lew Lorenzen will report on the progress his scholarship committee is making. Tentative plans are to give at least a \$200 grant to a deserving athlete who intends to further his education.

We wish to thank everyone who had donated S & H green stamps that will enable the club to procure a 16 mm movie camera for the athletic department. To the ones who have not yet contributed, let's get on the proverbial ball and do so as soon as possible.

EXPRESSION OF THANKS

Mrs. Charles S. Hamlin of Mattapoisett and Albany, New York celebrated her 90th birthday on April 7th in Albany. She received many post cards, notes and well wishes from friends in Mattapoisett and wishes to thank all of the many people who sent her these messages. Among the greetings was a personal letter from President Kennedy.

BOB SILVIA PONY LEAGUE COACH

The coach for the Mattapoisett Pony League team this season is Bob Silvia of Mattapoisett. He has had considerable experience as a ball player and a coach. On meeting his charges for the first time, Coach Silvia told them he hoped to have a winning team, that if they all tried hard he was sure they would get their share of victories. One of his remarks that pleased the boys was that "all 15 of the boys on the team would be sure to play and no boy would have to sit on the bench game after game."

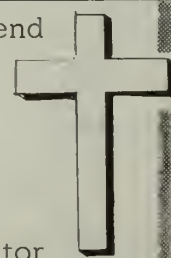

The squad has only 3 boys back from last year. The boys who have showed up for practice however give evidence that Mattapoisett will be well represented in the Elks Pony

THERE'S TO BE A HOOTENANNY

At 8 o'clock May 4 the curtain will go up at Old Rochester Regional High School for its first Hootenanny, sponsored by the school's paper, the "Owl". The requirements for the Hootenanny will be fulfilled by the new and up Four Coachmen. And on hand will be that versatile master of ceremonies, Mr. L. Roberts.

The Four Coachmen are working with the Trinity Record Company in New York and expect to have a record out in late May. These young men have been playing together for two years and their hard work has enabled them to have the famous Bobby Darin and Bobby Scott for backers.

The Four Coachmen are Dick Lewis, Kenny Carvalho, Ronnie Pinto and Allen Roderiques, with John Lafreniere, manager. Dick Lewis plays the guitar aided by Allen or "Zeke" Roderiques on the bass. Ronnie Pinto plays the banjo and bongos to Kenny Carvalho's singing.

For those who want to see a group on its way to fame or just spend an enjoyable evening listening to their music be sure to come May 4 at Old Rochester Regional High School at 8 o'clock. This article was written with the cooperation of John Lafreniere, manager of the Four Coachmen.

GUILD MEETING

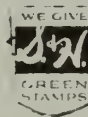

The regular meeting of the Mattapoissett Community Guild will be held Tuesday, May 7, at 2:30 P.M. in the Congregational Church parish hall. The program will be a book review by Mrs. Ray Westgate. Dear friends,

Drive safely! Everybody advises it, but the needless sacrifices go on at the same terrible rate.

Perhaps if the public could see the consequences of highway accidents as we see them, the appeal for safety would have some effect, but this is neither possible nor desirable.

Time after time the awful waste of human life has been brought home to us and we wonder why it has to be. In the name of humanity, let's watch our driving.

Respectfully,

IT'S AN ODD WAY TO WIN

Any handout from the United States of less than a billion dollars is little noticed. Anything less than a million dollars is pocket money. Therefore it is not strange that an item of thousands can escape notice except for one thing - its purpose. American taxpayers will finance aviation training for Castro's Cuba this year (1). This is an initial program and as such is modest, but like all programs of government, will doubtless grow in scope and expense. Someone has to fly those MIGs. Russia is furnishing the fighter planes. The U. S. is training the pilots.

Having just filed our income taxes it is of more than passing interest to realize that quite a group of us contributed all of our tax money to this beginning project of the United Nations. Castro will receive a \$17,200 grant from the International Civil Aviation Organization to train men in meteorology, air traffic control, radio, aircraft and engine maintenance and flight operations. The aircraft to be used are the Piper Apache, Cessna 172, Hiller Helicopter and DC3. The amount is sufficient to train 12 men who can then return to Cuba to instruct. The United States contributed 40% of the \$17,200 and who knows what the amount will be next year.

The United States has mortgaged its grandchildren to furnish the world with 98 billion dollars in handouts which is the record for this sort of thing. It is sickening to millions of Americans to learn of continuing misuse and waste of the resources of their country and you don't have to search far to find it. We have furnished billions in military aid to Communist Yugoslavia for one example. U.N. aviation instructors trained under this same program spent 2 months in Yugoslavia in 1962. They set up maintenance procedures for the aircraft of Soviet manufacture operated by the national airline and selected personnel to undergo further training in the Soviet Union (2).

We have refused air cover to Cubans fighting to free Cuba from Communism and we now forbid them to make any attempt to return their country to freedom. In all common sense, should we train pilots for Castro. We have neglected to honor an agreement with the government of Cuba in which we pledged to maintain Cuban independence, to maintain a government adequate for the protection of life, property and individual liberty (3). In view of all this can we train pilots for Communist Cuba. The answer is yes. Through the United Nations, we are doing just that. No wonder our national purpose is obscure to foreign nations for it is a complete mystery to most Americans in this strange, new frontier.

Fitch. He explained just how the money was spent towards helping people with arthritis, getting his explanation down to the children's level and was very well explained.

Mrs. Marshall then presented Mrs. Fitch who has been a "Bell Ringer" for many years in Worcester. She explained the history of the Bell and then worked with a group of the young people showing them how to ring the bells to bring out the melody of Bell Ringing.

The Mattapoissett Juvenile Grange and its leaders would like to thank all who gave and supported the fine work this group is doing.
